

WEEK IN CONGRESS
TO BE A QUIET ONEBUT LITTLE LEGISLATION
LOOKED FOR.

Some Debate But no Work Till the Holidays are Over—Committees Likely To Be Announced Friday or Saturday—Lake Levels to Be Raised—Washington News.

Washington, Dec. 16.—This will be the last week in the house before the recess for the Christmas holidays, and practically the only thing that will be accomplished will be the appointment of the committees, which Speaker Reed will announce on Friday or Saturday, when the recess is taken. As a preliminary to the appointment of the committees, the proceedings will probably be enlivened by several days of active skirmishing. The house is operating under the rules of the Fifty-first congress. In that congress the membership of the leading committees, like ways and means, appropriations, judiciary, etc., was fifteen members.

Owing to the increase in the membership of the house, as a result of the eleventh census, and the admission of the fourth northwestern territories in 1890, the membership of those committees was increased in the Fifty-second congress to seventeen. It will be necessary, therefore, to bring in amendments to the rules under which the house is now operating to increase the membership of these committees to seventeen. Although the general debate on the rules will not come until the rules committee makes its report after the holidays, still it is not unlikely that the proposition to increase the membership of the committees referred to will precipitate general debate. If it does not, another resolution, which will be offered today or Tuesday, will. This will be in the shape of a resolution to divide the committee on elections.

There are twenty-nine contested seats in the present house, an unprecedented number. Experience has shown that the consideration of election cases is long and tedious, and it has repeatedly happened, as in the last congress, that the end of the second session and final adjournment is reached with some cases still pending. The house leaders, therefore, concluded it wise to divide the committee this year, in order to facilitate the consideration of the cases. The Democrats charge that this plan is to be pursued that Democrats may be more promptly ousted from their seats, and the debate will doubtless develop considerable partisan rancor.

In case the correspondence over the Venezuelan boundary line is not sent to congress today or Tuesday, a resolution calling for it may be passed. It is not improbable, also, that the report of Secretary Carlisle, which will be submitted today, may be brought before the house by some parliamentary device, and made the subject of an exciting debate.

Speeches are promised in the senate during the week on various topics now before that body. Senator Hill probably will talk on the Monroe doctrine, Senator White on the senate rules, and Senator Stewart on his resolution regarding the effect of the rate of exchange on agriculture and manufactures between gold standard and silver standard countries. There also is a probability of some speeches on Senator Peffer's bill regarding senatorial funerals. This is the only bill of general importance which has been reported from committee. It is possible that the reorganization question may come up during the latter part of the week, but the best opinion is that the reorganization will not be perfected before the holidays. The adjournment for Christmas is expected to take place on Friday.

To Raise Lake Levels.

Washington, Dec. 16.—Representative Griswold of Erie, Pa., and Senator Brice of Ohio will this week introduce to the house and senate resolutions looking to an investigation of the proposed plan for raising the level of Lake Erie, and, perhaps, of the other lakes, by a dam across Niagara river, at or near Buffalo. Senator Brice has taken an active interest in this matter since the recent publications upon this subject, and has called upon the chief of engineers for whatever information he has upon the subject, and for his personal views in the same line.

Nicaraguan Minister Recalled.

Washington, Dec. 16.—The diplomatic representation of Nicaragua has been discontinued for the first time in many years, and, as a measure of economy, no legation will be maintained at Washington. This action is a matter of surprise to officials here, owing to the importance of some of the questions, notably the canal in which the United States and Nicaragua are mutually interested. Dr. Guzman has presented his letters of recall to the state department, and has entered upon the practice of medicine at his home, which was formerly the Nicaragua legation.

Insurgents to Invade Santa Clara.

Madrid, Dec. 16.—According to a dispatch received here from Havana the insurgents under Maceo and Gomez have reached the mountain of Siguanea, in the province of Santa Clara, and now intend to invade the center of that province.

TROLLEY RAILROAD TO BE BUILT

Project Is Being Pushed to the Front, Reports Say.

Instead of the projected electric railway line to connect Chicago with the lakes of southern Wisconsin being abandoned, new life has been infused into the scheme and the company is now securing right of way and surveying for the track. The present arrangement is to use the C. M. & St. Paul from Chicago to Libertyville, where the electric track begins, crossing the Wisconsin Central at Gray's Lake, thence to Wilmot, along the east side of Fox River to Lake Geneva, thence northerly to Delavan Lake and north towards Janesville and Madison. At present the officers are at Wilmot negotiating for right of way.

BLOODY TALE FROM ARMENIA.

Thousands of Women and Children Without Food or Shelter—Armenians Safe.

Constantinople, Dec. 16.—The British vice-consul at Van tells a ghastly story of the situation in that city. He says that thousands of women and girls are wandering through the snow-piled streets without food or shelter, and barefoot, their ravishers having left them only a chemise and some of them only a cloth to cover their nakedness.

An eye-witness of the barbarity of the massacre at Kaisarich on Nov. 30 says that men and women were literally hacked to pieces to the number of several hundred. Some of the Turks say that a thousand were killed.

Saturday afternoon several thousand fierce fellows came from the villages in the vicinity. Many women were abducted. The Armenians of Kaisarich were always quiet and law-abiding. All this information is in the hands of the ambassadors, with names and dates.

The Zeitoun tragedy is approaching an end. At the Semanlik Saturday the sultan's secretary informed the Europeans that the Zeitounis committed a horrible outrage; that they had descended en masse from the hills and burned the Moslem village of Marlia and killed every inhabitant.

This is a foul lie invented by Izzet Bey, the clever Arabic scoundrel who now rules the sultan and the empire. He maintains his power by pandering to the sultan's thirst for Armenian blood. Everybody is aware that Zeitoun was surrounded by troops and bashi-bazouks and that such a sortie is impossible. The object of the falsehood is to alienate sympathy from the Armenians. This means that the doom of the Zeitounis is sealed. The sultan means to seize an excuse to order their extermination.

News is daily received here of thousands of Armenians who are offered the choice between Islam and death. At Marash an Armenian who was ordained an Anglican clergyman refused the choice and was killed by slow torture. At Karpoot two Protestants preached and were murdered for the same cause. At Achme fifty-two persons died as martyrs to their religion. At Ouzoon a large number of Armenians were captured and led to a neighboring Turkish village, where they were ordered to change their faith. Fifty of them rushed into the Euphrates and were drowned, the Turks shooting them while they were in the water. At Hoh eighty-five were killed.

The French guard ship Faucon has arrived here in accordance with the permission granted by the sultan upon the demand of the powers, and has joined the British gunboat Dryad, the French war vessel Archimede, and the Austrian gunboat Sebenico, which arrived during the week.

The Kurds continue to pillage the Armenian villages without opposition from the helpless inhabitants or from the authorities. During the last three weeks 160 villages have been sacked and seventy men killed. The villages of Serai, Hazira, Bohazkessen, Hadjikhishla, and the Armenian district of Haisaler have been laid waste. The village of Lamasgurd has been raided four times in one week. The authorities have made no attempt whatever to put a stop to the Kurdish raids or to punish the perpetrators of them. The Armenians are in a state of utter despair over their situation.

The ambassadors of the powers here are finding that it is useless to address communications to the Porte on this subject, as the sultan is convinced that the European concert is a mere feint. Although the immediate cause of the recent widespread panic here was the quarrel between two Armenians, it now appears that a wholesale attack upon all the Armenians in the city, looking to their extermination, was really projected on that day. The attack was to commence at 11 o'clock in the morning, but the plan was frustrated by the state of alarm and excitement created by the quarrel between two Armenians, which served as a warning to the other Armenians in the city and caused them to take refuge in their houses.

Much relief is felt among the friends of American missionaries over the news that has been received by United States Minister Terrell from Aintab, Bitlis, Karpoot, Marsovan, Caesarea, and Tallas, which contains assurances that the missionaries at these points are safe. They are under the protection of Turkish troops, in accordance with peremptory demand made upon the Porte by Minister Terrell. Reports to Mr. Terrell from these points, although they give the comforting assurance that no harm has thus far come to the missionaries, say that danger still exists, and convey the impression that the fear of further outbreaks is by no means past. Word has also been received that the American ladies at Hadjin are safe.

AGED LADY'S FALL
WILL PROVE FATALMISS MARIA MARSH SEVERELY
HURT AT KENOSHA.

Topped Down the Cellar Stairs and Broke Her Spinal Column—Is a Well Known Resident and 80 Years Old—Accidents in Other Localities.

Kenosha, Wis., Dec. 16.—[Special]—Miss Maria Marsh, aged eighty years, and a well-to-do resident here, fell backwards down the cellar stairs, and broke her spinal column. She cannot live. The accident occurred last night.

Five Workmen Killed.

Knoxville, Tenn., Dec. 16.—News reached here yesterday of an awful disaster which occurred at Big Stone Gap, Va., Saturday, in which five white laborers lost their lives. The dead:

BELTON, GEORGE, of Lexington, Va.

HARDIN, GEORGE, of Rural Retreat, Va.

THREE UNKNOWN LABORERS.

The men were working on a cut and had stopped for dinner, seating themselves under a ledge of rock projecting from an embankment. Suddenly and without the slightest warning, a large boulder broke loose and came down upon them, causing the instant death of all.

Two Firemen Injured.

Little Rock, Ark., Dec. 16.—George Wunderlich and Al Robbins, firemen, were seriously injured at the burning of the First M. E. church building at Eighth and Center streets yesterday morning. The janitor started a fire in the heater at an early hour and went home. In less than thirty minutes the handsome edifice was in flames, being completely consumed, together with one of the largest organs and much other valuable church property. The ceiling fell on the two firemen.

Engineer's Awful Death.

Richmond, Ind., Dec. 16.—Frank E. Lewellen, a Panhandle engineer, met a horrible death Saturday night near New Castle. While his train was running at a high rate of speed he went out on the running board of the engine to fix the air pump. He slipped and fell beneath the wheels, and was literally ground to pieces. His head, one leg and one arm were entirely cut off. Lewellen lived here, was 32 years of age, and leaves a widow and one child.

TO PUSH AMERICAN GOODS.

United States Consul Tingle Makes Some Suggestions.

Washington, Dec. 16.—United States Consul Tingle at Brunswick, Germany, has made some interesting observations to the state department as to the method by which the manufacturers of the United States may derive most substantial benefits from our consular service and give a tremendous impetus to American trade which is now debarrd from foreign markets through the superior energy and co-operation of the British and German traders.

In brief, he suggests that the manufacturers of one class of goods through one of their associations call upon the state department to procure through its consuls in a selected country full information as to the kind of products in their line that might be profitably introduced. To this end, the consuls are to consult local merchants and boards of trade. Upon these reports the manufacturers' association would ship to the chosen points samples of their goods addressed to the consul, who would hire at the expense of the exhibitors a proper showman and display the wares to the local merchants invited to be present, giving them full descriptions of the various exhibits, statements of price, tariff rates, and other essential information.

FROM A SILVER STANDPOINT.

President of Bimetallic Union Talks of Cleveland's Message.

Salt Lake, Utah, Dec. 16.—Thomas G. Merrill of Montana, chairman of the finance committee of the National Bimetallic union, is in the city on his way east. Speaking on the financial question he referred to the president's message and said: "The recommendation of the president to retire greenbacks, if carried out, would be disastrous to the silver interest. The retiring of the national currency, issued under the Sherman act, which has been the means used for the recent heavy withdrawals of gold from the treasury, would mean that the bullion in the treasury would be thrown upon the market, causing a decided decline in the price of silver."

TO WORK FOR NEBRASKA.

Effort to Turn Immigration Into That State.

Omaha, Neb., Dec. 16.—Members of the State Manufacturers' association in various parts of the state have led off in a movement for the organization of a state immigration society, the purpose of which is to check immigration southward and turn some of it into Nebraska. A committee has been appointed to present articles of incorporation for an organization that shall have as its object the general development of the state and the promotion of immigration thereto. What the organization shall be named has not been intimated. It is suggested that the capital stock be \$100,000, divided into 100,000 shares of \$1 each.

CLINTON LAW WAS
OF A QUEER BRANDTRIED MEN FOR AN OFFENSE
COMMITTED HERE.

Ed McCue and Ed Smith Sent to Jail Without the Authority to Do So—They Had Stolen a Robe of E. H. Murdock—Pleaded Guilty Before Judge Phelps.

Clinton is a right smart little town when it comes to ministering justice to the evil doers, but in one case they had their trouble for their pains at least, if they do not yet have more pains for their trouble.

It was this way. Saturday afternoon Chief Acheson was notified that two men had stolen a robe from E. H. Murdock. It didn't take him long to locate the thieves, and learn that they had headed due south. Then he telegraphed to Clinton to have them arrested, and to send their names back so that he could make a complaint against them.

An answer came back soon after, that the men had been arrested; pleaded guilty before Justice Conkrite, and were sentenced. The idea of taking men into court and trying them for an offense committed in Janesville, was something new in legal practice, and the officers were much surprised.

Marshal George W. Earle, of Clinton, brought the two men up to Janesville Saturday afternoon, and at 5 o'clock the jail door closed behind them. As the Clinton justice has no right to try them, which he acknowledged afterward to District Attorney Jackson, Chief Acheson made complaints against them and at 3 o'clock this afternoon they were brought before Judge Phelps. They gave their names as Ed McCue and Ed Smith, and on their plea of guilty, the court sentenced them to jail for sixty days each.

The Clinton trial, therefore, was no trial at all as the municipal court only had jurisdiction in the matter.

JANESVILLE GIRL IN A FIRE

Miss Jessie Butler Was in a Building That Burned in Chicago.

Miss Jessie Butler of this city was one of the inmates of the Morgan Park Training School which was damaged by fire last night. There were seventy-five girls in the building but escaped safely. The loss was \$6900.

LEOD H. BECKER MUCH BETTER

Chances for His Recovery Are Now Encouraging.

Leod H. Becker was reported as being much better this afternoon, and the outlook for his recovery is now much brighter.

Relinquishes Gling Insurance Money.

Minneapolis, Dec. 16.—The expected lawsuit over Catherine Gling's insurance money is not likely to be tried. W. W. Hayward, father of Harry, to whom the latter assigned his claim for the \$10,000 insurance on Miss Gling's life, has relinquished all claim to the money. Miss Gling's executor, her twin sister Julia, claims the money, but the company may decide to resist payment on the ground that the policies were assigned to Hayward. The action of Hayward, Sr., is taken as an admission that the father is convinced of his son's guilt.

Weekly Bank Statement.

New York, Dec. 16.—The weekly bank statement shows the following changes: Reserve, decrease, \$1,902,950; loans, increase, \$3,170,000; specie, increase, \$123,900; legal tenders, decrease, \$1,684,600; deposits, increase, \$1,369,000; circulation, decrease, \$12,900. The banks now hold \$18,391,325 in excess of the requirements of the 25 per cent rule.

FEW PEOPLE WENT TO ATLANTA

The Bower City Party Dwindled Down to Twelve People

Janesville did not send as large a party to the Atlanta Exposition as was expected. A large party had figured on taking the trip, but when the train left at 1:10 o'clock this afternoon, but twelve people from Janesville were aboard. Agent Hinrich had secured a new coach for the party, which was attached to the regular train. They will leave Chicago at 8 o'clock tonight in a sleeper, and expect to be gone two weeks. The delegation was made up of Mayor and Mrs. Baines, Mr. and Mrs. W. W. Porter, Mr. and Mrs. H. G. Carter, Judge Bennett and daughters, Mrs. Edward Inman and W. W. Bently of Edgerton.

CLINTON EVANS DEAD

Former Janesville Postal Clerk Expires at Chicago.

Clinton Evans of this city, died of pneumonia in Chicago today after an illness of two days. His mother and wife were with him in the last moments and his father, Charles B. Evans went to Chicago this morning.

Mr. Evans leaves a wife and two little boys. He was in the railway mail service and therefore away from home most of the time but those who knew him recognized his quiet virtues and his modest manliness. The remains will be brought to this city for burial coming on the 8:20 train tonight.

Ernest Lewis Wagner.

Ernest Lewis Wagner who resided in the Burr Robbins place on Eastern avenue died at one o'clock Saturday night, death being the result of heart trouble and dropsy, but the immediate cause was hemorrhage of the lungs. He had been sick about two months. Mr. Wagner was a resident of the village of Shopiere and was 64 years of age. Four children survive, they being Mrs. William H. Lathers, who resided with her father; Robert James Wagner of Buffalo, New York and John F. Wagner of Baker City, Oregon. The funeral will be held on Tuesday afternoon from the house. The interment will be at Shopiere.

Stack.

The eleven weeks' old child of James Stack died early this morning. The mother was buried only a short time ago.

NEW YORK TAILORS STRIKE.

Sixteen Thousand Men Likely to Take Part in the Struggle.

New York, Dec. 16.—The members of the Clothing Contractors' Mutual and Protective association have repudiated the contracts entered into by them with the members of the United Garment Workers of America in this city last July, and a strike involving 10,000 tailors of New York city, Brooklyn, Brownsville and Newark is precipitated. The contractors held a meeting yesterday, and decided not to permit organized labor to run their establishments. They contend they have a right to hire and discharge whom they please, and manage their own business without the interference of the walking delegates of the Brotherhood of Tailors. The executive committee of the United Garment Workers met last night, and it is more than probable that over 16,000 tailors, pants-makers, cutters, finishers and basters, will desert the shops.

Many ships Overdue.

New York, Dec. 16.—Incoming craft that have sailed over the North Atlantic route show effects of hard gales between the banks and Sandy Hook. The steamship British King of the new Phenix route, which, with its sister ships, the British Queen and the St. Cuthbert, is to run between Antwerp and New York, got in yesterday, two or three days overdue. It left Antwerp on Nov. 23. The British King lost some of its deck furnishings. Several steamships are anywhere from a day to eight days late.

America's Chess Champion Wins.

St. Petersburg, Dec. 16.—America's chances to win the chess championship of the world are excellent. The second series of the great international tournament, in which the acknowledged masters of the game are entered, was played yesterday, resulting in a second victory for Pillsbury. His game was played against the Russian champion, M. Tschigorin, the man conceded by the best judges to be his most dangerous opponent. Pillsbury has not yet lost a game.

Spanish Troops Defeated.

Madrid, Dec. 16.—Word has been received from Havana that 800 insurgents led by Rodriguez Lopez, and Reico, attacked the Spanish column of Capt. Borrego, consisting of seventy-two soldiers, near Nevuitas. The troops made a heroic defense, but Lieut. Ardieto and twenty-nine of the Spaniards were killed an eight wounded. Capt. Borrego and four men escaped, but the remainder of the column was captured. The insurgents have put a stop to harvesting in the Camaguey district.

Glasgow Engineers Reject the Terms.

Glasgow, Dec. 16.—The engineers by ballot have rejected their employers terms and therefore the strike in the shipbuilding circles, which was believed to have been settled, will now be continued.

CAN W. F. CARLE
ACT AS CO-RECEIVERAN ORDER TO SHOW CAUSE
ISSUED TODAY.

Dunwiddie & Wheeler Apply to Judge Bennett to Have the Appointment of Mr. Carle Set Aside—Arguments Will Be Heard On January 16.

An order was applied for in the circuit court this morning restraining W. F. Carle from acting as co-receiver with L. H. Becker in the Leo Mayer matter. The order was asked by Dunwiddie & Wheeler, representing several of the creditors. They declared that no notice of the proceedings to appoint a co-receiver had been given them, and January 16 was set as a date for showing cause why the appointment should not be set aside. Mr. Carle was restrained from acting as receiver, pending the arguments.

MARSHFIELD POSSE OUT

Seeking Thieves Who Sacked a Store; and Got \$7,000 Worth.

Marshfield, Dec. 16.—[Special]—Burglars raided the town of Granton, near here. They sacked Knorr's store and the other buildings and a total of seven thousand dollars was secured. A posse of armed men is after the robbers.

WOMAN SUFFRAGISTS.

Twenty-Eighth Annual Convention to Be Held at Washington.

Rochester, N. Y., Dec. 16.—Woman suffragists throughout the country are making preparations to attend the twenty-eighth annual convention of the National American Woman Suffrage association, which will assemble in Washington Jan. 23. This is expected to be one of the largest as well as one of the most representative gatherings of political equality advocates ever held in the country. The official call for the convention has just been issued. It is signed by Susan B. Anthony, president, and Richard Foster Avery, corresponding secretary.

The convention will meet on Thursday and continue nearly a week. Tuesday morning, the 28th, a hearing will probably be had before the senate and house committees. A resolution will be submitted asking for an amendment to the United States constitution so as to allow women to vote. It will be introduced as the sixteenth amendment, and if congress will pass it it will be submitted to the several states for ratification, a majority of three-fourths being necessary.

Revolutionists in Venezuela.

New York, Dec. 16.—A cipher cablegram received at the headquarters of the Venezuelan revolutionary party in this city last night told of the safe arrival in Venezuela of the steamer Classroom filibustering expedition. The Classroom left New York Dec. 1, carrying arms and ammunition enough to equip an army. This cargo, according to the cablegram, was safely landed Dec. 10 in a secluded spot on the Venezuelan coast about three miles from Maturin. A detachment of 250 revolutionists under command of Gen. Jose M. Amporan met the Classroom and assisted in getting the contraband goods ashore.

Fire in a Girls' Training School.

Chicago, Dec. 16.—Fire broke out last evening in the building occupied by the Morgan Park Training School for Women, a preparatory branch to the University of Chicago. The blaze was caused by the explosion of a lamp. The damage to the building was \$6,000, and to its contents \$3,000. The latter loss consisted chiefly of furniture, as the young women succeeded in saving most of their effects.

We Have Nothing to Arbitrate.

Port Townsend, Wash., Dec. 16.—According to Thomas S. Newell, who was elected delegate to congress last summer, Vice President Stevenson has expressed himself as being of the opinion that there are no grounds of arbitration of the disputed boundary line between Canada and Alaska, and if England thought otherwise she would have to fight for her rights.

Protest Against Chinese Servants.

Tacoma, Wash., Dec. 16.—The anti-Chinese feeling has reached such a stage that it is understood the militia is ordered to hold itself in readiness to put down expected anti-Chinese riots. There are several hundred troops in adjacent territory which may be used. The mass-meeting Saturday night to protest against the employment of Chinese servants was an immense gathering.

Fraker Released on Bail.

Richmond, Mo., Dec. 16.—Dr. George W. Fraker, the alleged insurance swindler, who has been confined in the Ray county jail here since his capture, was released on bond yesterday morning. He left at once for his old home at Excelsior Springs, and will engage in the practice of medicine at that place.

HELL BY MISTAKE THE FATE OF MANY

DR. HALSEY ON TENDENCIES
OF THE DAY.

Nobody Plans Deliberately to Seek
Damnation But Many Awaken To
Say "I Never Meant To Get Here."

Dr. Hodge Again in His Pulpit—
Church Notes.

"To Hell by Mistake" was the topic
discussed by Rev. Dr. Halsey before a
congregation that filled Court street
church to the gallery doors last night.

Chairs filled the aisles and every pew
was crowded. The speaker said:

"Men everywhere believe in the
doctrine of future rewards and punish-
ments. The good are so enjoy hap-
piness, the bad suffer remorse. No
one seriously complains at such justice.

The locality of perdition is simply
a matter of speculation. One man's
theory is just as good as another's
touching the place. If interpreted as
a condition still the fact remains.

Then the question, Why do people
ever wake up in any world to find
themselves in a condition or place of
sorrow is a proper question for con-
sideration. I answer the question for
myself by saying:

"Not because they deliberately plan
for such a sad outcome of life. Human
nature may be bad, corrupt, but as a
rule not so bad as to plan for a life of
heart breaking sorrow. Naturally we
shun pain and seek by all means at
command to relieve suffering. Going
to perdition with both eyes open is an
exception, not a rule.

"Not because God in an arbitrary
manner sends the helpless creatures
of his power into a condition of hope-
less sorrow and despair. He is too
good to ever do that. If you and I
are willing to risk life to rescue those
in misery I am sure that the divine
heart it is not indifferent to the
remorse that sweeps over a human
soul.

Don't Stop To Think.

"I prefer to believe that the major-
ity of people find themselves in a con-
dition of mental anguish more intense
than bodily suffering, as a result of
a wrong start in life. In youth the
feet were led into paths of error and
sin and the whole life in a mysterious
way has developed in a wrong direc-
tion, causing remorse. I never in-
tended this should be my portion,"

voices the thoughts of millions today.
That cry calls for sympathy; unless
you and I are demons at heart we will
respond in tender forgiveness. Pleas-
ures entice, sin promises good and
before they are really conscious of
danger there is an inheritance of
trouble and sorrow. Another reason
seems clear. Many find themselves in
remorse because they have lived sim-
ply for self and by so doing have
thrust at the eternal principles of
righteousness and peace, expressed in
one word—brotherhood. Every man
ought to make the most of him-
self; seize every advantage and oppor-
tunity to win the largest possible degree
of success. To desire to be nothing
or nobody is not an indication of hu-
mility, but rather of indolence. But
after any one has done his best for
himself, even while he is doing his
best for himself he ought to remember
that if he tramples the divine princi-
ple of brotherhood under his feet, that
he is sure in time to find himself in
a condition of perdition confronted by
the wreck and ruin of a wasted life."

"Is There a Ghost of a Chance for a
Man to Reform After Death?" will be
the theme of next Sunday evening's
sermon.

Dr. Hodge in the Pulpit.

Rev. Dr. Hodge occupied the pulpit
at the Baptist church Sunday for the
first time, after an illness of nearly
a month. A large audience listened
attentively to his discussion of the
subject: Three Phases of Successful
Prayer." A collection was taken up
to help needy students in the divinity
school at Chicago.

John M. Whitehead occupied the
Congregational pulpit Sunday, and
told of the work of the missionary so-
ciety.

Vicior E. Southworth devoted his
Sunday evening lecture before the Cul-
ture Club to the Eastern Catholic
church, and outlined orthodox and
heterodox as Catholics saw it in their
own church.

Strong Endeavor Meeting.

A missionary meeting in which two
or three persons were on their feet to
speak at the same time was the phe-
nomenal occurrence at the Baptist En-
deavor meeting last evening. Each
member had been requested to give
some fact regarding missions and
right well did they respond. The
hour was fully occupied and many

The Revival Meetings

Such strong meetings should not be
closed said the large audience which
filled the First M. E. church yesterday
morning. When the pastor asked the
people what their desire was as to the
continuation of the meetings another
week the audience at once arose. The
meetings will continue this week
with the exception of tonight which is
given up to attend the Y. M. C. A.
meeting. Last night the meeting was
another great one. The house
was crowded to its fullest capacity.

The singing by the Y. M. C. A. quar-
tette, "Drifting," the duet by Mr. and
Mrs. W. G. Landes, "He Will Help
You," were very fine.

After the sermon by the evangelist,
many crowded the altar. The meet-
ing could not be closed until 10 o'clock
but Evangelist Burrows remarked:
"It is Sunday night and we need not
hurry." He has decided to dismiss

GOOD MONEY IN HORSE RAISING

However the Breeders Should Raise Only
the Best Stock.

The consensus of opinion among all
practical horsemen who have given the
subject intelligent thought, seems to
be that the future is full of en-
couragement for sure money in breed-
ing horses if the same is conducted in
an intelligent and business like man-
ner. The demand for really first
class heavy horses from fifteen to
seventeen hands is improving every
day, while the demand for good driv-
ing, coach and carriage horses is far
greater than the supply. Dealers are
scouring the country for high class
horses for eastern market but with
most discouraging results, really the
stock in the country has been culled
over so many times that few good
horses are to be found.

There are many reasons why the
farmer should turn his attention to
breeding a limited number of mares.

First. The retirement from breed-
ing of so many exclusively fancy stock
proprietors who, in the booming days
found both pleasure and profit in the
business although conducted in the
most extravagant manner.

Second. The limited number of
mares bred by the farmers proper, for
the past three years and a majority
of the mares that have been bred are
by no means what they should have
been to produce profitable results.

Third. So as to secure the benefit
of the rapidly increasing demand for a
good class of driving and carriage
horses.

While the great demand in the east
for carriage, road and trap horses for
home consumption has proven an
agreeable surprise to dealers, an in-
creasing demand has also sprung up
for our best speed, carriage and trap
horses for export at top
prices, and could the export buyers
find the high quality they seek their
purchases would be enormous. So
long as we breed high and keep up
the quality, we will have an unlimited
demand for export, for all Europe re-
cognizes the superior quality of our
best horses and likes them.

Wisconsin farmers have already
demonstrated their ability to breed
and furnish the toppers. One of the
champion four-horse coach teams sold
for \$6,000 was sired in Wisconsin by
Athlete, son of Almont. Another son
of Almont, Antar, sired the champion
"Lady Churchill." Clay Platt furnished
a high priced one. A son
Phallamont, tall cut off, sold
for top price in New York as high
stepper, and others sired by the same
horse quoted at high prices. So we
see that we have the stallions that can
sire the horse demanded. All that is
required now of the farmers is to
secure brood mares with quality and
good breeding. The opportunities for
securing the mares this season have
been most favorable, and good mares
may even now be secured at the com-
bination and public sales when same
are offered by retiring breeders at
very reasonable prices.

When the farmer finds a good brood
mare, with a good record as a producer
even should she be fifteen or sixteen
years old but with foal, he should
not reject her—the foal
will probably be worth more
than the price he pays for the mare.
A sure breeding old mare is worth
more than an untied filly. A brood
mare with good constitution will
breed uniformly until twenty five. A
mare that has produced speed is worth
more than a non-producer; a mare
that produces good looks and high
action worth very much more than a
mare that produces beauty without
action.

A peculiar feature of the eastern
market just now is that smaller
horses for carriages and traps are in
demand more than in former years.
From fifteen to sixteen hands is the
range. About fifteen and a half hands
possibly the best sellers if "blocky"
and good actors.

But breeders must understand the
great importance of mares—15½ to 16
hands being the best size. It is a sin-
gular fact that the greatest speed-pro-
ducing mares in America have been
under 15 hands, of highly organized
nervous temperament, and many of
the best actors have been produced
from small, trappy gaited mares.

However, it is not recommended that
any brood mares under 15½ hands be
purchased.

of Interest—George Dower Enters
Friends—Other Social Events.

Janesville traveling men are mak-
ing plans for their annual winter
gathering, and this year the merry
making will occur on Dec. 26 at the
Grand Hotel. A banquet will be
served from 7:30 until 9 o'clock with
the usual speeches, etc., and afterward
the association will adjourn to some
hall, probably the Armory or Concor-
dia hall, where a reception and dance
will be given. The banquet will be
for members and their families only,
but 400 invitations will be
issued to the reception and dance.

Smith's orchestra will furnish the mu-
sic, and the arrangements are in the
hands of a committee composed of C. C.
Maclean, chairman; C. F. Yates, Fred
Howe and Will Yates. The details
will be arranged as soon as possible,
and the celebration is expected to sur-
pass all previous efforts.

THE MIDNIGHT FLOOD" THURSDAY

Realistic Drama With Remarkable Scenic
Effects Coming This Week

"The Midnight Flood" comes to the
Myers Grand Opera House on Thurs-
day night, Dec. 19. The play is full
of human interest, with a clever
blending of comedy. Among the no-
table scenes is a realistic flood scene,
showing floating houses, barns, trees,
etc., and boats with life savers; a
great bridge scene and other scenic
surprises. The company selected for
this production is competent and will
in all probability give great satisfac-
tion to theatre goers with this inter-
esting dramatic novelty. A number
of topical songs will be introduced
and parodies on all the latest suc-
cesses.

'SINBAD' GIRLS BOUGHT BEER

Raided All The Bar Rooms When Their Train Stopped Here.

Hotel keepers located near the depot thought a cyclone had struck them Saturday afternoon, when their barrooms were filled with a surging mass of maidens fair. But it wasn't. The girls were members of the "Sinbad" company consisting of seventy-five people who arrived in the city on a special train from Rockford, on their way to Oshkosh. The special had no sooner stopped at the depot than out rushed the greater part of the company and making a bee line for neighboring saloons and lunch rooms they ate and drank to their hearts content. After ten minutes stop the ringing bell was the warning signal and the bartenders heaved many a sigh as they parted from the pretty "Maid of Balaora."

An Uncle Tom's Cabin troupe so large that it traveled in two cars, arrived in the city yesterday from Beloit, and left this morning for Whitewater. One of the attractions on the streets yesterday was a stray colored man who belonged to this troupe. He said his name was "Sam Jones, suh" and that he was "eight foot an' free inches in height, suh, an' eighteen years ob age, suh." He had to stoop so as to enter John Spivak's candy store on Main street, and two traveling men who afterward took a measurement of the doorway say the top casing is eight feet from the ground.

THE NEW WOMAN IS HEARTLESS

The Blushing Boys Are Cruelly Neglected by Them.

Janesville young men are now getting a taste of their own medicine and a foretaste of what it will be when the new woman wears the bloomers and carries the hod while the meek and retiring men wear the skirts and carry the baby. The "leap year" party to be given by forty of Janesville's fair daughters, is the cause of all the fun, and the young men of the city, for once in their lives, are on the anxious seat as to whether or not the will be "in it." The girls, cruel things, are not in a hurry about asking the boys, for as one of their number expressed herself, "it is only to show them how it is to wait until the very last minute, before being invited." The young men who have not been invited, are already making plans to "leave town for a day." The girls are already beginning to talk of "those Whitewater and Beloit boys" and the excitement runs high.

TO MEET IN JOINT SESSION.

American Economic and Political Science Associations Co-operate.

Indianapolis, Ind., Dec. 16.—The American Economic and the Political Science associations of the central states have co-operated in the preparation of plans and program for their annual meetings to be held here Dec. 27 to Jan. 2, inclusive. The sessions of the American Economic association will be held on the 27th and 28th, and the morning and afternoon of the 30th; those of the Political Science association on the evening of the 30th and on Jan. 1 and 2, while the two sessions of Dec. 31 are under the auspices of the two associations. By this arrangement the meetings of the two associations are kept in the main distinct, overlapping just enough to afford a profitable joint program for one day.

Ex-Congressman Dead.

Hastings, Neb., Dec. 16.—W. A. McKeighan, ex-member of congress from the Fifth Nebraska district, died here early yesterday morning. Mr. McKeighan had been seriously ill since his attendance at the trans-Mississippi congress at Omaha some two weeks ago. His funeral will be held at Red Cloud on Wednesday afternoon at 2 o'clock. In 1886 he was Democratic candidate for congress against James Laird, and was defeated; was again nominated for congress by the alliance of the Independent party; was endorsed by the Democratic convention, and was elected to the Fifty-second and re-elected to the Fifty-third congress as an Independent, defeating William E. Andrews, Republican; renominated for the Fifty-fourth congress and defeated by Andrews.

Infernal Machine for Spanish Minister.

Washington, Dec. 16.—What the police regard as a practical joke or hoax was the discovery of an alleged infernal machine on the door steps of the Spanish minister at an early hour yesterday morning. The story is that one of the servants, going out to get the morning paper, saw the machine with a lighted fuse attached to it. He ran back into the house and told the wife of the minister, who went out and extinguished the fuse. The alleged machine was taken away by the police, who were sent for, and will be examined. The device is said to have been a good-sized box filled with a granulated substance.

Opinions on Trust.

"It is much harder to examine and judge than to take up opinions on trust; and therefore the far greatest part of the world borrow from others those which they entertain concerning all the affairs of life and death. Hence it proceeds that men are so unanimously eager in the pursuit of things, which, far from having any inherent real good, are tarnished over with a specious and deceitful gloss, and contain nothing answerable to their appearance. Hence it proceeds on the other hand, that, in those things which are called evils, there is nothing so hard and terrible as the general cry of the world threatens. Thus the multitude has been ordained. But the greatest part of their ordinances are abrogated by the wise."—Bolingbroke.

President Returns to Washington.

Washington, Dec. 16.—President Cleveland returned to Washington Sunday afternoon from his hunting trip in the waters of North Carolina. With him were Dr. O'Reilly, Light House Inspector Lamberton and Commander Wilge. The president looked the picture of health and vigor. He first learned of the death of Judge Thurman at Elizabeth City, N. C. He paid a high tribute to the memory of the distinguished Ohioan, alluding to him as "one of the truest and ablest patriots of the republic."

Blaze at Cincinnati.

Cincinnati, O., Dec. 16.—A fire broke out at noon yesterday in the five-story brick building at the southeast corner of Richmond and Harriett streets, occupied by the Krell Piano company. Being in so large a building, with other large manufacturing structures near, a general alarm was sounded, but the fire was confined to the Krell building. This burned out so as to cause all the floors to fall, making a complete loss of the contents. The loss is estimated at \$75,000.

Progress of Christian Endeavor.

The latest denomination to make Christian Endeavor its official young people's society is the African M. E. Zion church. The board of bishops, at its recent conference in St. Louis, unanimously passed a resolution endorsing the Y. P. S. C. E. and making Christian Endeavor the denominational young people's society. The board also recommended that Christian Endeavor societies be organized in every church throughout the A. M. E. Zion connection.

Dromedaries as Camels.

Dromedaries are swifter than camels, and without a load go eight miles an hour for ten or twelve hours. Caravans consist of from 1,000 to 4,000, and many Arabs possess from 400 to 500. They cast their hair every year, and it is made into clothes, stockings, shawls, carpets, etc. Dromedaries live from forty to fifty years.

THIS DAY IN HISTORY.

1615—Alfonso Albuquerque, conqueror of part of India, died at sea; born 1453.

1773—British tea destroyed in Boston harbor by American patriots.

1775—Jane Austen, English novelist, born; died 1817.

1867—William H. Aspinwall, noted for his enterprises in the isthmus of Panama, born in New York; died 1875. Aspinwall devoted his business energies to the Pacific trade until 1830. Then he retired from active management of the house in which he was partner and secured the first contract for a line of mail steamers from the isthmus of Panama to California. At the same time he obtained a grant for a railway across the isthmus. The road was completed in 1855.

1835—First very great fire in the United States in New York city; loss, \$20,000,000.

1880—Major General Alfred H. Terry, U. S. A., died; born 1827.

1890—Severe storms on the Atlantic.

NOTICE TO GAZETTE READERS

Janesville merchants realize that the Gazette readers are the ones that spend the money, and so rapid has been the increase of the advertising patronage that it has been a knotty problem to plan how to care for it. In order that news matter may not be sacrificed, the first page will also be largely devoted to local matter in the future, making four red-hot local pages. You will find Janesville happenings on—

GOMPERS AGAIN AT THE HEAD

Elected President of the Federation of Labor at New York.

New York, Dec. 16.—Samuel Gompers was elected president of the American Federation of Labor Saturday by a majority of eighteen votes over John McBride, his only opponent. The socialists voted for McBride. The full list of officers elected is as follows:

President—Samuel Gompers of New York city of the International Cigar-makers' union, in place of John McBride of Columbus, Ohio.

First Vice President—Peter J. McGuire of Philadelphia of the Brotherhood of Carpenters and Joiners, re-elected.

Second Vice President—James Duncan of Baltimore of the Granite Cutters' National union, re-elected.

Third Vice President—James O'Connell of Chicago of the International Association of Machinists, in place of R. Kenahan of Denver, Col.

Fourth Vice President—M. M. Garland of Pittsburgh, Pa., of the Amalgamated Association of Iron and Steel Workers in place of Thomas J. Elderk of Chicago.

Treasurer—John B. Lennon of New York of the Journeymen Tailors' union, re-elected.

Secretary—Aug. McCraith of Boston of the Typographical union, re-elected.

The question of sending fraternal delegates to the international congress of socialist workers at London next August was the first business taken up by the convention. The motion which was pending when the convention adjourned Friday night, to refer the matter to affiliated bodies was lost, and a motion to lay on the table was carried by a vote of 52 to 10.

That part of the president's report which has been construed as recommending separate political action by wage-earners was taken up. Delegate Pomeroy offered a substitute for the report of the committee, declaring that the failure of the Denver convention to adopt the twelve planks as a political platform made it patent that the federation has no platform which can be called political. The substitute was adopted—1,676 to 214.

That part of the president's report that referred to the missions of trades unions was taken up next. A report from the committee on law favoring an amendment to the constitution providing that local unions not affiliated with the national bodies be excluded from the central bodies was under discussion when the hour for recess arrived.

Immediately after the afternoon session had convened Delegate Weissman moved that the convention go into executive session to hear the report of the grievance committee, because it had been said that the committee had before kept matters of importance to the convention back until after the election of officers. The motion carried.

The sessions of the American Federation of Labor will continue to-day. It is expected that the convention will close Wednesday, although there is talk of a night session Tuesday, so as to adjourn on that day. Yesterday some of the committees held brief sessions. The committee on organization decided to report a plan for formally admitting to the national federation unions not now affiliated with it, but that have asked for admittance. The committee on labor and boycotts also held a meeting, and it is expected that it will make a report to-day concerning various strikes now in progress.

Irrigation Company's Bonds Placed.

New York, Dec. 16.—A dispatch from London says it is reported that a large Anglo-American banking house has placed in Glasgow, Scotland, the entire issue of the first-mortgage bonds of the Arizona Water Storage company, amounting to \$400,000. This is said to be the largest irrigation company in Arizona.

Son Born to the Duchess of York.

London, Dec. 16.—The duchess of York gave birth to a son at 3 o'clock Saturday. Both mother and child are doing well. This is the second child of the duke and duchess of York; their first offspring.

ARE YOU THIN?

Do You Want to Become
Fleshy?

A FEW SIMPLE RULES

Flesh and Not Fat Is What Is Needed.

What thin people want is flesh and not fat. To be symmetrical and properly proportioned, every person should have a certain amount of flesh. To be plump does not necessarily mean to be fat. Fat is undesirable, it clogs and retards the action of every muscle, interferes with the healthy action of the heart and lungs, and when excessive predisposes of fatty degeneration of vital organs; to say nothing of the discomfort more or less, resulting from excessive dispo tissue.

Common sense would suggest, that if one wishes to become fleshy and plump, the thing most needed would be flesh forming foods, in other words albuminous foods, like eggs, beef, oatmeal, etc. The kinds of food that make flesh are the foods that form the greater part of our daily bill of fare.

Now, the only reason so many people remain thin is because their stomachs do not properly and completely digest and assimilate the flesh-forming beef steak and eggs we eat every day.

There are thousands of such people and they are really dyspeptics, although they may not suffer any particular pain or inconvenience from their stomachs. If such persons would take with their meals some preparation like Stuart's Dyspepsia Tablets the food would be quickly digested and the proper degree of plumpness very soon secured, because these Tablets are prepared exactly for that purpose. They will digest every variety of flesh-forming food, which is the sole reason why they so quickly build up and strengthen thin, dyspeptic men and women.

Stuart's Dyspepsia Tablets cure dyspepsia and every form of indigestion on this common sense plan, that they digest the food promptly, giving strength to every nerve and organ in the body, while at the same time the stomach has a chance to rest and recover its natural vigor. Nothing further is required to cure any stomach trouble or to make thin, dyspeptic people strong, plump and well.

This excellent preparation is manufactured by the Stuart Chemical Co., Marshall, Mich., and sold by druggists everywhere at 50 cents per package.

THEY WILL PLAY BASKET BALL

The Y. M. C. A. Will Organize a Team—Madison Challenges Janesville.

If a basket ball team is flourishing within the Bower City Dr. C. T. Peirce is not aware of the fact, but nevertheless he received a letter from the state university team wanting to arrange a game with the Janesville team. Secretary J. C. Kline of the Y. M. C. A. comes to the front and says that the Y. M. C. A. will put a team in the field and this will be done before any other club of the association is organized. It will consist of the best men that can be picked up from the association.

GIANT LOCOMOTIVE
RAN LIKE THE WINDFIRST OF THE BIG ENGINES
REACHES JANESVILLE.

It Pulled Twenty Nine Freight Cars at The Rate of a Mile a Minute, and Did It Easily—Of Immense Weight and Size—Some of the Dimensions of the Large Engine.

The first of the new engines to be put in service on the C. & N. W. road reached Janesville last night with twenty-nine freight cars strung out behind it. The train got here at 11:15 o'clock from Chicago and left for the World's Fair City this morning. Part of the run to Janesville was made at the rate of a mile a minute.

The engine was built by the Schenectady Company and is a monster. The top of the boiler is as high as the smokestack of a common engine and its weight is 105 tons. The machine was designed by Superintendent of Motor Power Robert Quarl of Chicago and two—Nos. 7 and 10—will be put in service on the "limited run" at once. No. 7 was the engine that was quartered in the Janesville round house last night, and when they ran it into the building, its stubby smokestack cleared the top of the doorway but by a scant ten inches. Engineer L. S. Bennett of Chicago was at the throttle when the train pulled into Janesville and he told of the fast time made.

Ran a Mile a Minute

No attempt to break records was made until the train reached Woodstock, as the engine was pulling a regular freight train. At Woodstock, however, it was decided "to open her up" for the run to Harvard. The distance is twelve miles, and despite the fact that twenty-nine cars make a pretty heavy train, the run was made in twelve minutes or at the rate of a mile a minute.

The new machine is an "eight wheeler" that it has but two driving wheels on a side and but eight wheels under in all. These driving wheels are 6 feet 7 inches in diameter. The boiler is made of steel and is about five feet in diameter with nearly three hundred flues about twelve feet long. The fire box is nine feet long and forty inches wide and there are nearly 2,000 square feet of heating surface. The cylinders are about 20x24 inches. The water tank will carry over 4,000 gallons of water and there is room for eight tons of coal on the tender. The weight on the driving wheels is nearly 80,000 pounds. The boilers stand a head of steam at 190 pounds. These are the first engines to have air brakes on the engine trucks. Every wheel on the train is reached by the air brake.

SHE HAILED A POPCORN STAND

Janesville Young Lady Who Made An Amazing Mistake.

There is one young lady in the Bower City who has lost some faith in her eyesight. After making a call on one of her lady friends who resides on North Jackson street, she left the house just as it was getting dark. As she turned to go towards Milwaukee street, to catch a street car, she caught sight of a light in what she thought was Forest Park standing at the corner.

"Wait a minute!" she called out at the top of her voice, and gathering up her skirts, made for the car at top speed. But she didn't ride home. The supposed car was nothing but a popcorn stand and the proprietor is still wondering "what ailed that woman."

ALL SOULS, The People's Church

Religion can not be organized into a system. Religion is not to be identified with any church. A church can not create religion. This is the great error of the ages—to suppose that a man becomes religious by virtue of his belonging to some ecclesiastical organization. Religion is a personal matter—not a creed, but an experience; not a sacramental device, but a life of personal purity; not an arrangement by which to escape hell, but a distinct and positive devotion to what is good and true.

"PATRIOTS OF AMERICA."

New Political Party Launched—Bimetallism Their Aim.

Chicago, Dec. 16.—A new political organization has been launched in the United States under the name of the Patriots of America. It will not, however, nominate candidates, and will antagonize only such existing political parties as cross swords with the principles it advocates.

It seeks to bring together the people of the United States who believe in bimetallism or who are opposed to the gold standard, as well as those who are opposed to the present condition of affairs, and by patriotic and unselfish co-operation establish sound principles in the laws of the government that will promote the common good. The organization proposes to take up the leading issue in national politics and settle it if possible each four years in the interest of the people, and pass on to the next proposition.

The Patriots of America is an organization founded by Mr. W. H. Harvey, author of "Coin's Financial School," with the advice and assistance of many public men, and is intended to successfully resist what they regard as the onward march of this destroying power. Its organizers claim for it that it is so planned under its constitution as to resist all attacks, both from within as well as without the organization.

Work for Italian Troops.

Rome, Dec. 16.—The Capitale states that an army of 100,000 Abyssinians is advancing rapidly in two columns on Adowa and Asmara. The Italians who occupy those points will remain on the defensive and will endeavor to temporize with their antagonists until reinforcements arrive for their relief. All the inhabitants of Adowa are arming themselves for an attack. Adowa is the capital of Tigre, in Abyssinia, and is a city of about 10,000 inhabitants.

ROSENFELD

Is the name of a Clothing Establishment located on the Bridge. Five years of business in Janesville, January 1st, 1896, and proud to say we are thankful that we have held our own through hard times the past three years, and wish to say we will admit this season has not been as prosperous in the disposal of our large stock of heavy goods, such as Overcoats, Heavy Suits, Caps, and Underwear; but we are not sore at any one for doing more business than we, we congratulate them if they have done well. We can't eat clothing, hats and merchandise, but for the money we realize out of the sale of them we can accomplish many things. Do you want to buy of us (a Reliable store) the best made goods at pretty near your own price?

Behold! Clothing.

All Wool Suits, well made, worth \$8, \$9, \$10 and \$12, and we show them to you.....
